The county candidates, while speaking to the voters here Saturday, expressed their thanks to the people of Pickens county (especially the ladies) for the courtesy, kindness and hospitality shown them during the campaign. We are gratified to hear this, and also to learn that there was no unpleasant nor any unkind remarks between the candidates. The other counties of South Carolina may follow.

Mr. Arthur Porter extends his hearty thanks to the voters for their support; especially the mill men, from whom he received a handsome vote.

### The Pickens School.

The Pickens High and Graded School will soon open its doors for the next scholastic year. A full corps of competent teachers will be in charge of the school for the next year with Professor Ballentine in charge, and the best possible work of the schools will depend on the co-operation of the patrons with those who have the educational interests of the pupils in hand. The object of the school is to furnish the means of education to the children within its reach and influence, and every child that can attend ought to go regularly to school from the opening day. Attendance counts for much, and regular attendance means more for the individual pupil than it does for any teacher. A child has but one life and therefore but one opportunity, in that sense, to attend school, and the early, impressionable age is the time to start the child in the habit of proper tuition. The parent holds the key to the situation in the public school life of the child, and where it is possible to send the child where it can get the advantages of education and this is not done, the parent is to that extent recreant in his duty to that child.

Good schools are the best asset in the development of a community. We pay taxes in this town, perhaps, the equal of any rate of taxation in any community in the state. We do this because the people realize that the school is not only a necessity now, but it is the best force in the community, outside of the churches, for the permanent building of character in our midst and will make its lasting effect upon the place hereafter. Nor is it purely local in its effect. We want our community to grow. People will never feel that pressure of invitation to come where their best educational interests are not fostered and properly cared for. Think about it, and if your child is not ready for the school when it opens in September, get it ready and let it partake of the common good for which the school is maintained.

### Wonderful Meeting at Golden Grove and Flat Rock.

Golden Grove church closed a wonderful revival on August 18, the pastor, Rev. Levi Rigdon and Mr. Walter Miller, of Easley, conducting the services. It was the best meeting in many years. People came from far and near, packing the church to its capacity. Splendid behavior prevailed and for which we are thankful, and to our God be all the glory.

From the very first service the tide of salvation ran so high that we did not have preaching but spent the time in song and prayer. Several souls requested the blessings of God.

The pastor preached on Missions Sunday morning, and the collection for that purpose amounted to \$79.00. A ring meeting was conducted in the evening; a novice to quite a number. At the close five souls testified that they had been wonderfully saved.

Sunday night marking the last service, the pastor chose as his text the seventh and eighth verses of the sixth chapter of Revelation.

When the altar call was made there was a liberal response. The Lord's supper followed, Wesleyan, Baptist and Methodist partaking. We believe in this, for we do not think any sect of people has a right to say the supper is theirs when it belongs to the Lord. You may not agree with us, but you can answer if you wish.

The dear people of Flat Rock materially aided the meeting, especially in the singing, and of course we were glad to meet with them at the communion table. The meeting is now being conducted at Flat Rock by the pastor of the Liberty Baptist church. We trust many souls will be saved. The harvest is truly white, and very soon the cry will be that the harvest is passed, the summer ended and I am not saved.

Now my brother preacher will you not do your best for the saving of souls in every way you can?

I heard a man a few days ago running down our paper. I told him that the men of Pickens county make the paper, and if it were not what it should be, I thought some one would be held responsible at the judgement bar. Take your pen, as well as Bible and song book, and write The Sentinel a few lines. Our editor will be glad to hear from you, and to know that you are not dead. I know of pastors who do not see their people for months. A few lines in The Sentinel will bless your people and help the paper. You say they don't take it but I say they will if you will write for it.

The editor will be blessed with new subscribers, and the Lord will bless you.

And yet some will sit around and chew tobacco and abuse their own county paper. God said that whatsoever a man soweth, that shall he also reap. You may think that this is tight, but it is a fact. I appreciate the good pieces in its columns, but they can be increased in number. I will look for you in the next issue.

Reader.
